

福岡未来創造キャンプ

**On Your Mark!**

— 新たな自分へ Get Set! Go! —

The experiences that you can only have here...!

Let's create a new future for high school students!

# Become a counselor to help create a 5 day English Camp for high school students!

Rediscover yourself !

## What is "On Your Mark!" all about?

The aim of our camp is to encourage high school students to express themselves in English, broaden their perspectives and take actions to change the small world around them. The logistics team and counselors will work together to prepare challenging activities and workshops for the participants with the aim for them to recognise and understand various ideas, identities and backgrounds.

Meet new people and make new friends!

Accomplish things that you can't by your own strength!

We named this camp "On Your Mark!" as the starting point for all the participants' bright futures. We need international students who want to create life changing camp with us!

Learn the importance of having discussion and voicing your own opinions!

## Application Requirements
